

# pure water dispenser®

200k  
S E R I E S

STYLISH • CONTEMPORARY • CONVENIENT

## Modern, functional design

The Pure Water Dispenser® 200k Series top-loading water dispenser represents the latest in modern appliance design and convenience. Its ergonomically placed faucets and dispensing area, which is larger than most traditional water dispensers, allow for convenient, effortless dispensing. The recessed water outlet, LED-lighted indicators and fast dispensing add even more convenience. Plus, there's a child-resistant safety feature included for safer hot water dispensing. With a sleek, modern design and small, space-efficient footprint, the 200k Series water dispenser fits easily and stylishly into any home or office setting.

## Innovative, versatile features

- Modern appliance styling complements any décor
- Space-efficient design – smaller footprint compared to other water dispensers
- Ergonomically placed spigots for easy dispensing
- LED indicator lights for enhanced functionality and ease of use
- Lighted dispense area features power-saving light sensor
- Large dispensing area for tall glasses, pitchers and other larger containers
- Integrated spring-loaded cup dispenser
- Removable drip tray for easy cleaning
- Simple to install in any room with a GFCI electrical outlet
- Hot and cold dispensing handles made of polished aluminum
- .62-gallon cold water tank and 1.1-liter hot tank ensure plenty of cold and hot water is always available
- Proprietary technology provides energy efficiency, reliability and low noise

## Easy to maintain and convenient to use

- Freestanding floor unit with baseplate for added stability
- Top-loading water bottle dispenser
- Accepts 3- or 5-gallon water bottles
- Easy to sanitize
- Built-in child safety lock button
- Removable drip tray is dishwasher safe
- Food-grade stainless-steel hot tank and polymer plastic cooling tank
- High-quality and energy-efficient compressor for reliable, consistent performance
- Includes a 1-year limited manufacturer's warranty
